## 2 GIFT OF A GOOD START \$50,000

## Give freshmen students the gift of college support

Foster youth are most likely to drop out during their first year and the pandemic's long-term impact on learning loss has intensified this threat. Many worry they will never catch up academically or financially, or they're not smart enough for college, and allow fear to get the best of them. With your \$50,000, we will coach our freshman through their first year, help them navigate financial aid and connect them to campus resources. When they lose their footing, with your support, we'll be there to help them.

## Supporting the youth's mental health through counseling and therapy

Your gift provides counseling and therapy, making the difference between whether a youth graduates or not. With no family support system, and learning loss increasing anxiety and depression are real barriers to school success. Your gift allows UFC to be there when times get tough, and our youth start to doubt their potential.

## GIFT OF WELLNESS \$25,000

## Give a helping hand to a foster youth when they need it the most

There is no room for error when you don't have a family to fall back on. Your car broke down? The restaurant where you work is closed? You lost your free childcare? These should not be the reasons to give up on a college education. Your gift of \$15,000 will ensure UFC is there to help students through these challenges, providing guidance, housing, and emergency assistance, as well as support for food, transportation, and childcare expenses.
